Company Profile 企业介绍

厦门祺星新材料有限公司隶属于大型石化集团——厦门亨润集团，成立于 2007 年，是一家集研发技术、生产制造、营销服务于一体的高端胶粘剂知名品牌企业，总部位于中国厦门。

依托厦门亨润集团强大的资源网络，公司拥有高品质原料资源、国内先进的科研技术、成熟的科研团队、现代化科研设备，以及遍布全球的营销渠道等优势资源。经过十余载的商业沉淀，公司已形成卫生用品胶、热熔压敏标签胶、生态环保胶、特殊应用胶、集成电路用胶、光固化应用胶等多系列产品。完善科学的产品体系，奠定了公司强有力的市场竞争力基础。

秉持“每一块胶都是承诺”的经营理念，公司以“卓越、环保”为品质追求，潜心研发、精心制造，为用户提供量身订制的技术解决方案，产品与技术服务获得了全球用户的信赖。

Xiamen Cheshire New Material Co., Ltd., a wholly-owned subsidiary to the large-scale petrochemical group - Xiamen Hengrun Group, was established in 2007. With its head office locating in Xiamen, China, Cheshire is a well-known enterprise providing high-end hot melt adhesive as well as R&D technology, production and marketing service.

Basing on the powerful resource network of Xiamen Hengrun Group, Cheshire has resources superiorities such as high-quality raw material, advanced scientific research and technology, dedicated research team, modernized research equipment and global marketing channel. After more than ten years' accumulation, Cheshire has formed multi-series of hot melt adhesives, including hygiene adhesive, pressure-sensitive label adhesive, eco-friendly adhesive, special application adhesive, IC adhesive and light-cured adhesive. The complete scientific product system has built a solid foundation to the company market competitiveness.

Adhering to Cheshire's commitment -"Each piece of adhesive contains a promise to you", Cheshire has been pursuing outstanding quality and eco-friendly concept during the process of R&D and production. By providing customized solutions and technical support, Cheshire has gained global trust with its product and technical service.

Core Advantage 核心优势

品牌优势 Brand Advantage

集团品牌强劲背书、资金资源实力雄厚；
克拉玛依原料基地，资源优势得天独厚。

Group brand strong endorsement, strong financial resources;
Karamay raw material base, advantaged resources.

研发优势 R&D Advantage

国际先进科研水平，拥有名校科研资源；
自主研发创新技术，多项实用新型专利。

International advanced scientific research level, with prestigious scientific research resources;
Independent research and development of innovative technology, several utility model patents.

品控优势 Quality Control Advantage

完善品控管理系统，规范标准化生产流程；
质检把控精益生产，保证产品质量及产能。

Excellent quality control management system, standardized production process;
Lean production to ensure product quality and productivity.

服务优势 Service Advantage

多地设立营销网络，精准快速对接客户需求；
专业技术服务团队，高效提供整体解决方案。

Establish marketing network in many places, to meet clients' needs accurately and rapidly;
Professional technical service team, to provide total solutions efficiently.

Development History

发展历程

2007

公司成立，提出并确定“每一块胶都是承诺”经营理念。

Founded in Xiamen, defined the management principle as "Each piece of adhesive contains a promise to you ".

2008

完善研发技术体系，卫生用品胶成功研发上市。

Cheshire has improved the research and development technology system. The adhesive applied to Hygiene product was introduced to the market rapidly.

2009

通过欧盟“ROHS/REACH”认证。

Cheshire passed the EU 'ROHS / REACH' certification and the products meet the EU specified requirements.

2010

成为中国胶粘剂和胶粘带工业协会会员单位。

Cheshire became the member unit of China Adhesives and Tape Industry Association.

2011

引进国际先进科研设备并通过 ISO9001 质量管理体系、SGS 体系认证，全面推动质量管理。

Cheshire has brought in international advanced research equipment, was certified by the ISO9001 quality management system and SGS certification, and promoted quality management in a all-round way.

2012

通过德国莱茵 TUV 审核，成为 GMC 会员，迈入标准化优质制造商行列。

Cheshire was certified by the TUV Rheinland audit and became a member of GMC, entering the ranks of standardized and high quality manufacturers.

2013

引入高分子材料专家，组织实效管理集训，提升公司研发与管理水平。

Introduced specialists in polymer materials field. Senior executives participated in lectures and courses to improve research and management.

2014

营销总部迁至厦门，打造国内外营销团队，建立全球化营销体系。

Relocated the head office to Xiamen, and built the sales team in and abroad and established global marketing system.

2015

专业管理咨询、律师顾问团队加盟，为企业发展保驾护航。

Introduced business consultant and legal consultant to escort the development of the company.

2016

新疆佳宇恒能源科技有限公司投产，确保资源优势；引进国际热熔胶专家，科研标准国际化。

Xinjiang Jiayuheng Energy Resource Technology Co., Ltd. has been put into production to ensure raw material supply and quality. Introduced International specialist in hot melt adhesive field to set up research and development system in conformity with international standard.

2017

产品持续升级，产品系列完善引领行业，并通过权威机构技术检测；成立印度办事处，全球化战略进一步夯实。

Keep up grading the product sand perfecting the product series to lead the industry. Pass the technical inspection of authority. Established sales office in India and reinforce Cheshire's global strategy.

2018

筹建第二生产基地——厦门翔安生产基地，链接公司全球化战略。

Initiate 2nd production base project in Xiamen Xiangan district.

2019

翔安全新自动化生产线建成投产，实现“智造”创新升级，生产效率倍数增长，产能达数万吨 / 年。

Fully automatic production line in Xiamen Xiangan district has been put into production with annual capacity tens of thousands of tons.

2020

通过 ISO14001 环境管理体系认证，升级完善研、产体系；
多地设立办事处，进一步完善营销网络，精准服务客户。

Granted ISO14001 Environmental Management System Certification. Improved research and production system. Established sales offices in several cities in view of comprehensive marketing network and better local service.

2021

自主创新研发，成功获得 15 项实用新型技术专利，并获授“厦门市高新技术企业”荣誉称号；

15 national utility model patents and Xiamen Hi-Tech Enterprise’ award.

Product series 产品系列

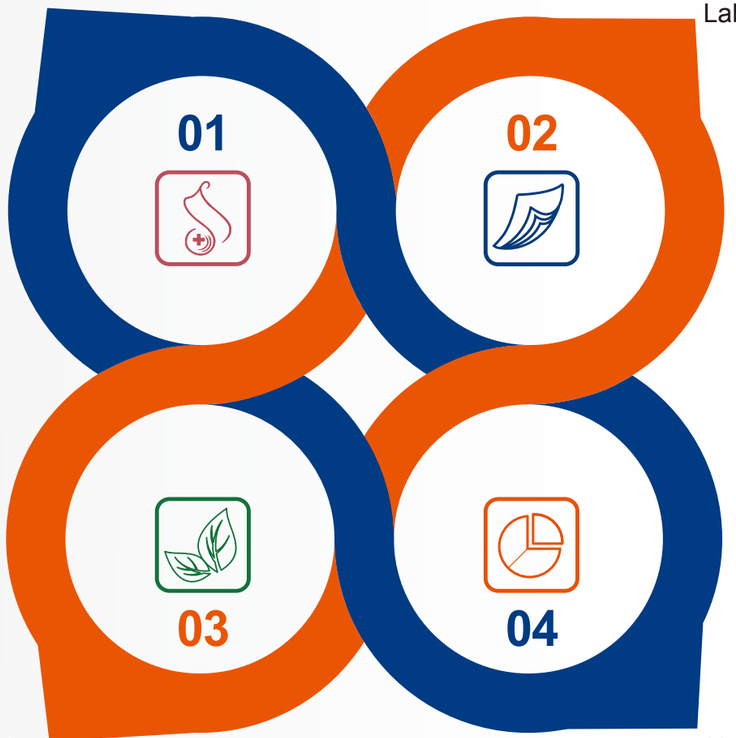

祺星新材料专注于环保热熔胶的研发、生产和销售。产品广泛应用于个人卫生护理用品、日化包装、纸品包装、家居日用品、标签、物流速递、生态防治等多种行业。

Cheshire develops, sells and manufactures full range of environmental friendly Hot Melt Adhesive which widely used in hygiene personal care, packaging, daily consumables, label, logistic and pest control industries.

Wet-Wipe Cover

结构胶 Construction Adhesive

非氢化结构胶：浅黄色透明胶体、低气味、色泽浅、无荧光、剥离力大、抗老化性能好。
氢化结构胶：水白色透明胶体、无气味、无荧光、剥离力大、抗老化性能优异。
适用于：婴幼儿及成人尿裤、女性卫生用品、护理垫、溢乳垫等产品的结构粘合稳固。

Non-hydrogenated construction adhesive: Yellowish and transparent, low odour, light color, non-fluorescence, high peeling value, excellent anti-aging properties.
Hydrogenated construction adhesive: Colorless and transparent, odorless, non-fluorescence, high peeling value, excellent anti-aging properties.
Application: Baby diaper, adult diaper, feminine sanitary napkin, underpad and nursing pad etc.

背胶 Positioning Adhesive

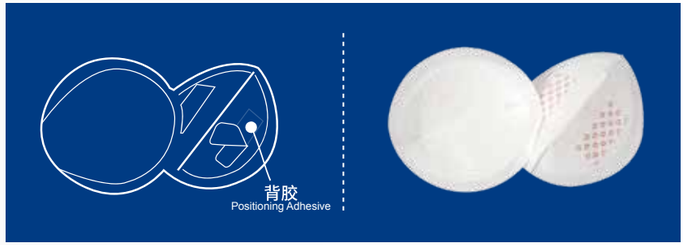

非氢化背胶：浅黄色透明胶体、色泽浅、无荧光、适中稳定的剥离力、剥离后无残胶、抗老化性能良好。
氢化背胶：水白色透明胶体、无气味、无荧光、适中稳定的剥离力、剥离后无残胶、抗老化性能优异。
适用于：女性卫生用品、护理垫、溢乳垫等产品的位置固定。

Non-hydrogenated positioning adhesive: Yellowish and transparent, light color, low odour, non-fluorescence, good peeling value, no residual, excellent anti-aging properties.
Hydrogenated positioning adhesive: Colorless and transparent, odourless, non-fluorescence, good peeling value, no residual, excellent anti-aging properties.
Application: Feminine sanitary napkin, underpad and nursing pad etc.

橡筋胶 Elastic Adhesive

非氢化橡筋胶：浅黄色透明胶体、低气味、无荧光、润湿性能优异、良好的粘接强度、抗蠕变性能及抗老化性能。
氢化橡筋胶：水白色透明胶体、无气味、无荧光、优异的润湿性能、粘接强度、抗蠕变性能及抗老化性能。
适用于：婴幼儿及成人尿裤、女性卫生用品、溢乳垫等橡筋弹性材料固定。

Non-hydrogenated elastic adhesive: Yellowish and transparent, low odour, non-fluorescence, high bonding strength, high wettability and creep resistance, excellent anti-aging properties.
Hydrogenated elastic adhesive: Colorless and transparent, odourless, non-fluorescence, high bonding strength, high wettability and creep resistance, excellent anti-aging properties.
Application: Baby diaper, adult diaper, feminine sanitary napkin and nursing pad etc.

亲水胶 Hydrophilic Adhesive

乳白色不透明胶体、无气味、无荧光、良好的粘接强度及抗老化性能、表面呈亲水性。
适用于：婴幼儿及成人纸尿裤面层、芯体粘接。

Milk-white and non-transparent, odourless, non-fluorescence, high bonding strength, excellent anti-aging properties, the surface is hydrophilic.
Application: The bonding of Baby diaper and adult diaper's surface layer and core.

S切胶 Side-ear Adhesive

水白色透明胶体、无气味无荧光、优异的润湿性能、粘接强度及持粘。
适用于：婴幼儿纸尿裤魔术扣粘接固定。

Colorless and transparent, odourless, non-fluorescence, excellent wettability, bonding strength and holding adhesion
Application: The bonding of Baby diaper's velcro.

湿强胶 Wet Strength Adhesive

微黄色半透明胶体、无气味、无荧光、优异的润湿性能，在干态或湿态下均具有良好的剥离强度。
适用于：婴幼儿及成人尿裤、女性卫生用品、护理垫、宠物垫及溢乳垫芯体胶。

Yellowish and translucent, odourless, non-fluorescence, excellent wettability, good peel strength under dry or wet status.
Application: Baby diaper, adult diaper, feminine sanitary napkin and nursing pad etc.

线胶 Sealing Adhesive

水白色透明胶体、无荧光、低温涂布、良好的PE膜润湿性、适中稳定的剥离力。
适用于：卫生巾包装膜封口。

Colorless and transparent, odourless, non-fluorescence, no heating required, high wettability on PE film, moderate peeling value.
Application: Sanitary Napkin Packaging.

快易贴胶 Tape Adhesive

浅黄色透明胶体、剥离力适中、抗老化性能好。
适用于：卫生巾外包装快易贴。

Yellowish and transparent, moderate peeling value, excellent anti-aging properties.
Application: Sanitary Napkin Packaging.

左右腰贴胶 Waistband Adhesive

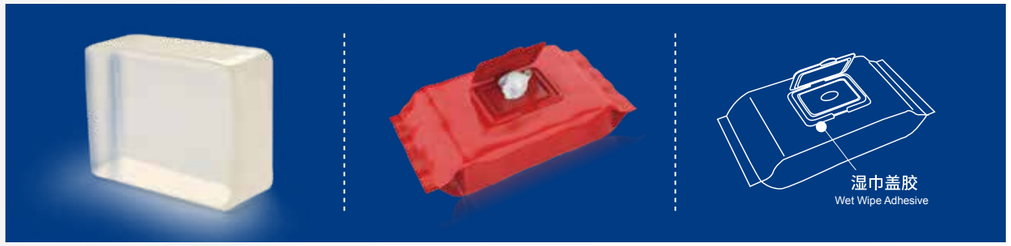

浅黄色透明胶体、初粘性能好、剥离力大、耐剪切性能优异。
适用于：PP型婴幼儿及成人尿裤左右腰贴。

Yellowish and transparent, high initial adhesion, high peeling value, excellent shear resistant.
Application: Waist Band on baby diaper and adult diaper.

湿巾盖胶 Wet Wipe Adhesive

水白色透明胶体、无荧光、操作性能优异、润湿性能好、剥离力大、耐老化性能优异。
适用于：塑料盖与PE膜。

Colorless and transparent, colorless, Odourless, non-fluorescence, high wettability, high peeling value, excellent anti-aging properties.
Application: Plastic cover & PE film binding.

02 热熔压敏标签胶
Adhesives For Pressure-sensitive Label

通用标签胶
Adhesives For General Label

物流标签胶
Adhesives For Logistics Label

快速贴标标签胶
Adhesives For High-speed Labeling

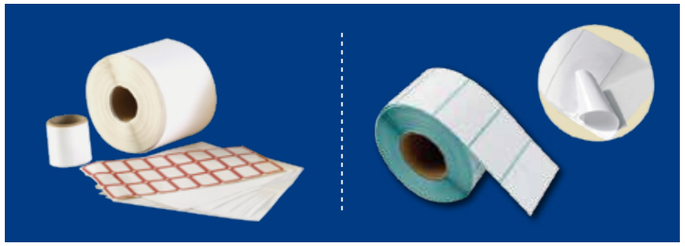

通用标签胶 Adhesives For General Label

黄色透明胶体、初粘性能好、剥离力大、耐寒性、持粘性强、抗老化性能优异、环保、好模切、无残留。
适用于：铜版纸标签、热敏纸标签等纸类、膜类不干胶标签领域。

Yellowish and transparent, high initial adhesion, high peeling strength, excellent cold resistance, excellent persistent adhesivity, excellent aging resistance, environmentally friendly, good die-cut performance, no residual.
Application: Paper or film based label sticker, e.g. coated paper label and thermal paper label.

物流标签胶 Adhesives For Logistics Label

黄色透明胶体、初粘性能好、剥离力大、耐寒性、持粘性强、抗老化性能优异。
适用于：物流标签等纸类、膜类标签领域。

Yellowish and transparent, high initial adhesion, high peeling strength, excellent cold resistance, excellent persistent adhesivity, excellent aging resistance.
Application: Logistic labels, e.g. paper and film substrate.

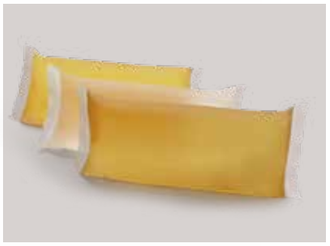

快速贴标标签胶 Adhesives For High-speed Labeling

浅黄色透明胶体、初粘性能好、剥离力大、持粘性强、适合高速贴标。
适用于：PET、PE等塑料材质的膜类、纸类标签领域。

Yellowish and transparent, high initial adhesion, high peeling strength, excellent persistent adhesivity, suitable for high-speed labeling.
Application: Automatic labeling applications on PET or PE plastic substrate and paper substrate

03 生态环保胶
Adhesives For Pest Control Field

粘鼠胶 Mouse Trap Adhesive

白色胶：水白色半透明粘稠体、无气味、粘性好、垂流点高、拉丝效果佳、回弹力强。
黄色胶：黄色粘稠体、低气味、粘性好、垂流点高、拉丝效果佳、回弹力强。
适用于：折叠式硬纸板、折叠式软纸板、塑料硬纸板。

White adhesive: Colorless and transparent paste, odorless, high bonding strength, high vertical flow point, excellent wiredrawing, strong resilience force.
Yellow adhesive: Yellow paste, odorless, high bonding strength, high vertical flow point, excellent wiredrawing, strong resilience force.
Application: Folding tough cardboard, folding soft cardboard, plastic board.

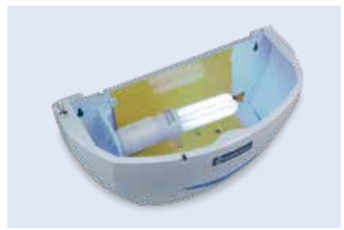

粘虫胶 Insect Trap Adhesive

水白色半透明粘稠体、初粘性好、抗UV时间长、耐候性优越。
适用于：果园、菜园、茶园、花圃等户外有机农作物种植区，对飞蛾、菜粉蝶、果蝇、螨等害虫进行粘捕消灭。

Colorless and transparent paste, good initial tack, excellent UV resistance, good weather resistance.
Application: Orchard, vegetable garden, tea garden, flower garden and other outdoor organic crop planting areas; used for capturing moths, cabbage butterfly, fruit fly, mites and other pests.

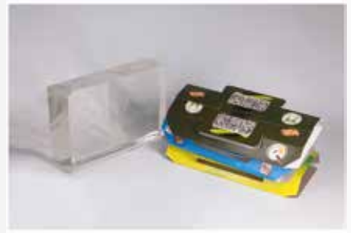

粘蟑胶 Cockroach Trap Adhesive

水白色透明胶体、无气味、无毒、粘性强、抗老化性能优异。
适用于：纸板、纸盒。

Colorless and transparent, odorless, non-toxic, high bonding strength, excellent anti-aging properties.
Application: Cardboard, paper boxes.

粘蝇胶 Fly Trap Adhesive

黄色半透明粘稠体、低气味、粘性好、垂流点高、拉丝效果佳。
适用于：折叠式纸板。

Yellow and translucent paste, odorless, high bonding strength, high vertical flow point, excellent wiredrawing.
Application: Folding soft cardboard.

04 特殊应用胶
Adhesives For Other Industries

粘扣带胶
Hook & Loop Adhesive

手提纸袋胶
Handbag Adhesive

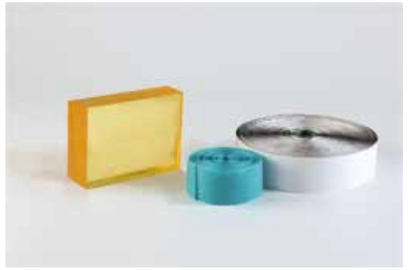

快速封口袋胶
Courier Bag Adhesive

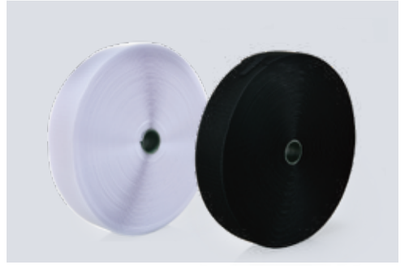

纸罐贴标标签胶
Adhesives for
Paper Tube Label

粘扣带胶 Hook & Loop Adhesive

加工物性良好、耐温区间宽、初粘性能好、持粘性能佳、剥离力大。
适用于：PP、尼龙等。

Good processability, high weather resistance, good initial tack, excellent holding power, high peeling strength.
Application: PP and nylon fastening tape.

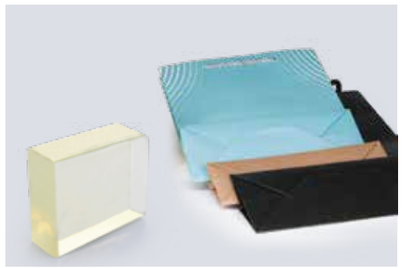

手提纸袋胶 Handbag Adhesive

粘接牢固、持粘性佳、抗老化性能优异，适用温度区间宽，符合高速生产。
适用于：牛皮纸袋、白卡纸袋、铜版纸袋、覆膜纸袋等糊底和封边。

High bonding strength, strong holding power, excellent anti-aging properties, good weather resistance, suitable for high speed production line.
Application: Bottom bonding, edge sealing for Kraft paper bag, white card paper bag, coated art paper bag.

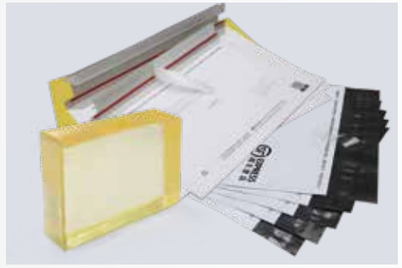

快速封口袋胶 Courier Bag Adhesive

初粘性好、耐低温性优异、剥离力大、粘接效果佳。
适用于：全新料PE袋、信封纸袋、再生料PE袋、珠光纸和牛皮纸气泡袋等基材口袋的封口。

Good initial tack，good weather resistance，high peeling strength and bonding strength.
Application: Recycled and non-recycled PE bag, paper bag, iridescent paper, kraft paper and bubble bag.

纸罐贴标标签胶 Adhesives for paper tube label

浅黄色不透明胶体、剥离力大、持粘性优异、固化速度快、耐温区间宽。
适用于：白卡纸、特种纸、覆膜纸等纸品的粘合。

Light yellow, high peeling strength, excellent holding power, high curing speed, good weather resistance.
Application: White cardboard, specialty paper, coated paper and other paper products bonding.

R&D Strength

研发实力

作为自主研发品牌，祺星新材料十分重视并大力投入研发和技术创新，与国内知名高校建立产、学、研战略合作，打造一支专业技术人才队伍，持续进行产品、技术、工艺、设备的改进和提升，确保各类产品质量同步国际水平，打造产品核心竞争力，并持续为不同需求的客户提供订制化的产品、技术解决方案。

As an independent R&D brand, Cheshire attaches great importance to R&D and technical innovation; We establish the strategic cooperation with famous universities in China, and has built a professional technical talent team to keep continuous improvement in products, technology, production process and equipment. Cheshire ensures every hot melt's quality to be in the international level with core competitive, as well as provides customized products and technical solutions for different customers' requirement.

Quality Control 品质控制

祺星新材料以严谨的技术标准，把控工艺流程；以精细的质量管理，确保产品品质；以高度的责任意识，从事安全生产，为市场提供高品质、标准化的热熔胶产品。

Cheshire brings premium Hot Melt Adhesive with consistent quality to the market by following strict technical standard to control production process, adopting precision management to ensure product quality, introducing professional industry philosophy to provide safe working condition.

祺星新材料引进 ISO9001（质量）、ISO14001（环境）和 HSE（健康、安全和环保）管理，所生产的产品符合欧盟 ROHS/REACH 指令要求，公司生产体系通过德国莱茵 TuV 审核，并成为中国优质制造商 GMC 会员，在质量、环保、原材料等方面均符合国际标准，标准规范、值得信赖。

Cheshire has introduced ISO9001 (management), ISO14001 (environment) and HSE (health, safety and environmental protection) management and all the products comply with the EU ROHS/REACH directive. Cheshire's production system has been approved by TUV Germany. Besides, Cheshire is a member of China high quality manufacture GMC. In this case, its products and production management comply with the international environmental standards. Cheshire is a reliable partner to you.

公司选用全球优质的环烷基粘合剂油、树脂和橡胶等作为原材料，确保生产出高端品质的粘胶产品。在原辅料采购环节，公司拥有完整的供应商考核系统和完善的进料检验流程，确保供应商、原辅料符合要求。在半成品、成品检测环节，公司引进高端的流变仪，并配套大型涂布系统 、持粘分析仪、剥离测试仪、数字粘度计、自动软化点试验仪等国际先进检测仪器设备进行严格的产品检测。这些仪器设备都是经由有资质认证的第三方校准机构进行精密校准，保证仪器的精确度，确保产品品质。在成品品控环节，我们做到“质检每釜检，产线每块检，数据有可查”。完善的品控管理系统，专人专岗，高标准严要求管控产品质量。

Cheshire selects the world's best naphthenic adhesive oil, resin and rubber as raw materials, which ensures the production of high quality products. In the procurement of raw materials, Cheshire has a complete supplier assessment system and perfect incoming inspection process, which ensures the suppliers and raw materials to meet the requirements. In the testing of semi-finished products and finished products, Cheshire introduces the most advanced rheometer, and supporting large coating system, holding viscosity analyzer, peel tester, digital viscometer, automatic softening point tester and other international advanced testing instruments and equipment to carry out strict product testing. At the same time, these instruments and equipments are precisely calibrated by a qualified third-party calibration agency to ensure the accuracy of the instrument and ensure the quality of the product. In the link of finished product control, Cheshire does" quality in section for every kettle, production line in section for every block, and ensures that every data can be checked". Perfect quality control management system, dedicated staff and high standard achieve good quality control.

Customer Service

客户服务

祺星新材料秉持客户至上的原则，从客户需求出发，为客户提供订制化产品解决方案，并以完善的服务体系，从产品、包装、运输、物流、售后等各环节为客户提供全方位的服务。

Adhering to the principle of customer first, Cheshire starts from clients' needs, provides clients with customized product solutions, and improves the service system from the product, packaging, transportation, logistics, after-sales and other links to provide clients with a full range of services.

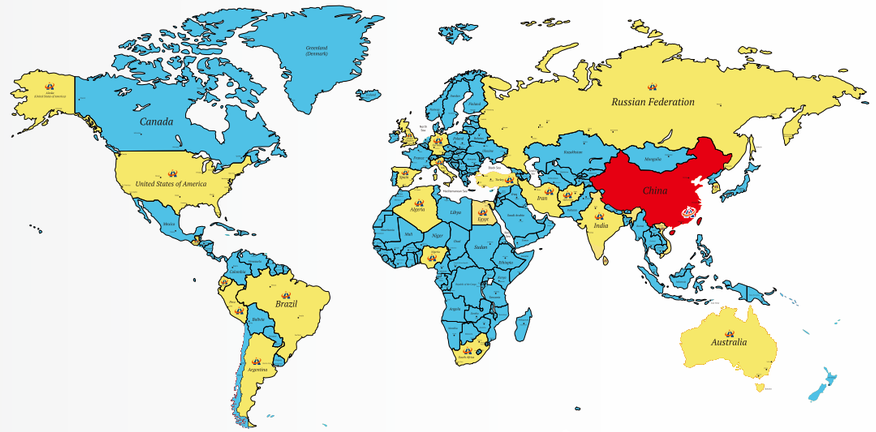

Marketing Network

营销网络

通过不断的市场开拓与发展，祺星新材料的营销网络已遍布海内外，精准对接客户需求，为全球客户提供优质的产品和完善的服务。祺星产品遍及全国各地 ,远销美国、巴西、俄罗斯、印度、埃及、南非、伊朗、越南、孟加拉、巴基斯坦、叙利亚等美、欧、亚、非洲地区国家。

Through continuous market development, the marketing network of Cheshire has been all over the world, which ensures to meet clients' needs accurately, and provides global clients with quality products and perfect services. Cheshire's products have been sold throughout the country, and exported to the United States, Brazil, Russia, India, Egypt, South Africa, Iran, Vietnam, Bangladesh, Pakistan, Syria and other countries in American, European, Asian and African areas.
