Photos of Customers

Dongguan Bodio Electronic Technologies Co., Ltd. was established in 2008 and is located in Dongguan City, Guangdong Province, China. With two manufacturing facilities covering a total area of 23,000m² and employing over 500 staff, Bodio specializes in the design, development, manufacture and supply of wire harnesses, wiring looms, cable assemblies and connectors.

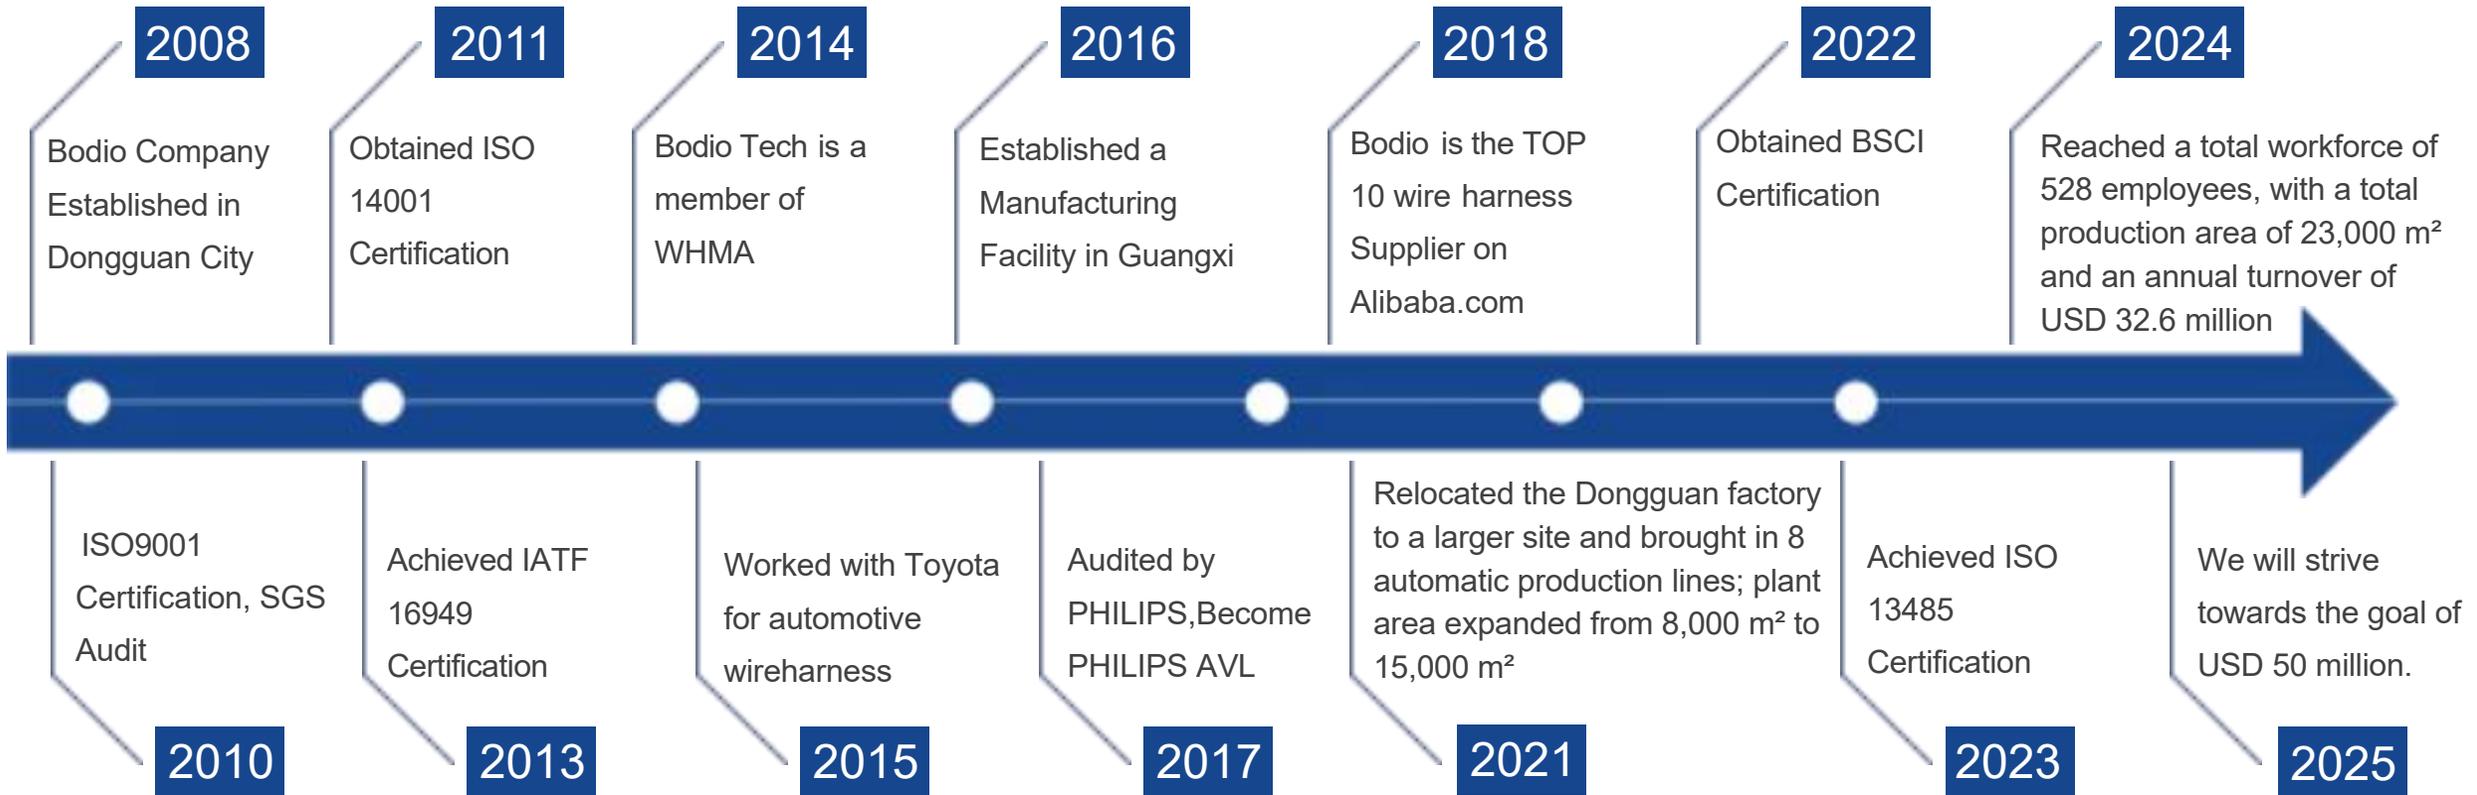

Our products are widely used in automotive applications, marine vessels, LED lighting, power stations, medical equipment, consumer electronics, audio systems, beauty and hairdressing devices, testing equipment and more. We also provide comprehensive OEM and ODM services to meet customers' specific requirements.

With over 17 years of experience providing connectivity solutions to customers in highly demanding technical industries, we are recognized for being competitive, reliable and responsive, offering comprehensive customer service as well as consistent production of products that meet strict quality standards and demanding schedules.

Certified to ISO9001, ISO14001, IATF16949, ISO13485 and accredited with UL, FCC, CE, SGS, RoHS, REACH and BSCI approvals, we have established long-term partnerships with renowned companies including Molex, Ivco, Flextronics, Foxconn, VTech, Sony, Panasonic, GHD, Dyson, BMW, Audi, Ford, Whitecroft, Nanlite, Philips, Siemens, Medtronic, EcoFlow, Jackery and many others.

We continually improve and upgrade our capabilities to create greater benefits and value for our customers, partners and employees. We sincerely thank you for your trust and look forward to building a successful cooperation with you.

01 Company Profile — Milestone

OUR MISSION

To be an outstanding company. Try our best to let our customers satisfied with our services and our products

OUR VISION

Achieve our vision by building long-term relationships with all our colleagues, customers, partners and employees

OUR VALUE

Customer Delight

Leadership by example

Commitment to setting standards for our business and collaboration based on mutual trust

Integrity and Transparency

Be sincere and open in our collaboration

Pursuit of Excellence

Continuously improve our skill, our teams, our services. To be the best of the best.

BUSINESS PHILOSOPHY

Professional & Quick Response

Professional and fast response

Continuous Improvement

Continuous improvements in quality and production technology

Exceed Customer Expectations

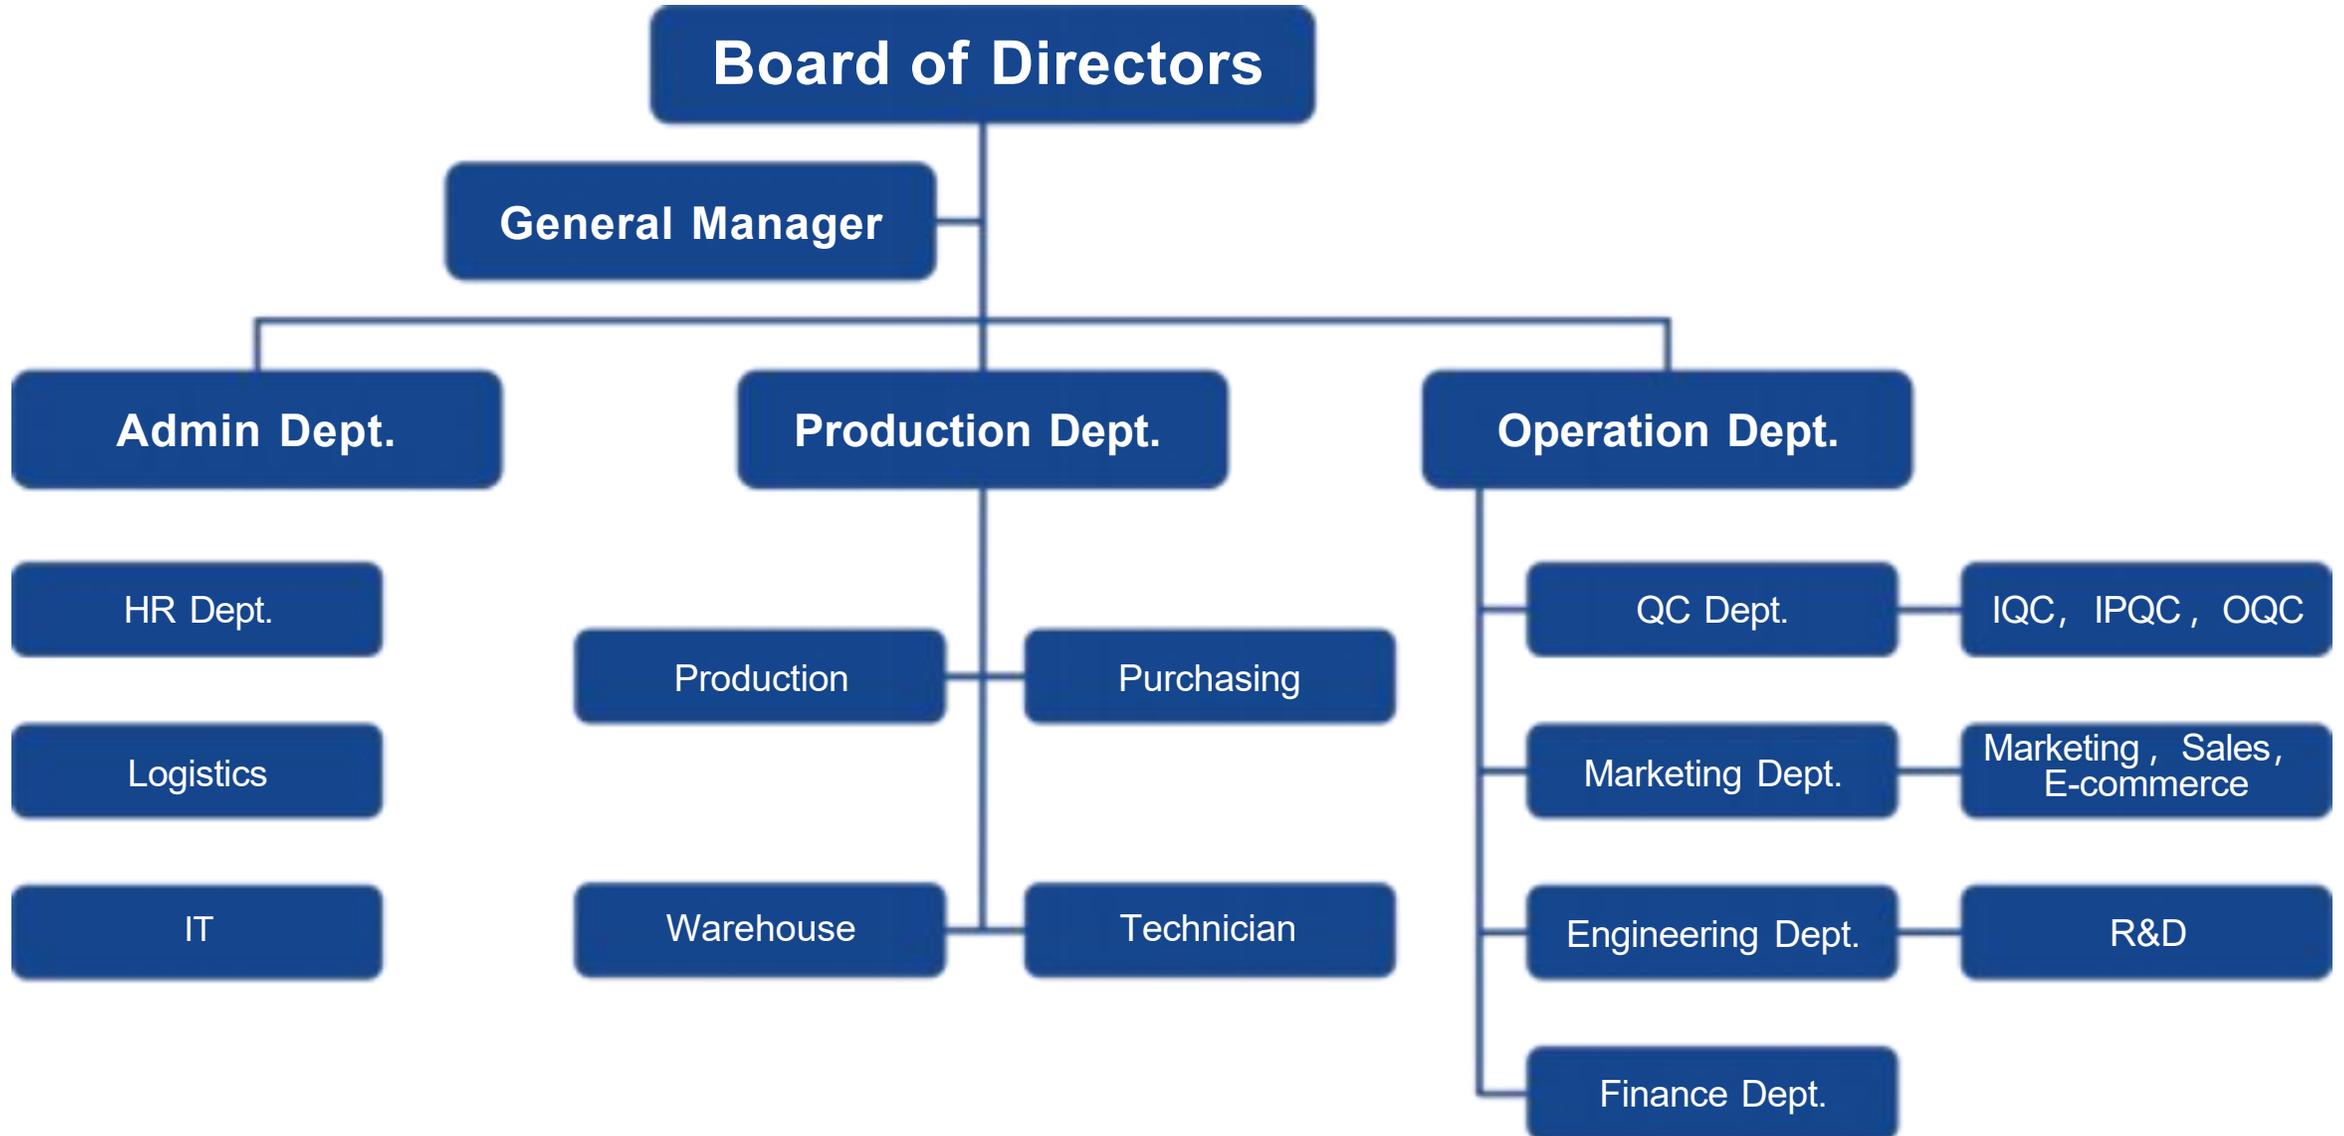

To exceed customer expectations by high quality short delivery date

Embrace Change

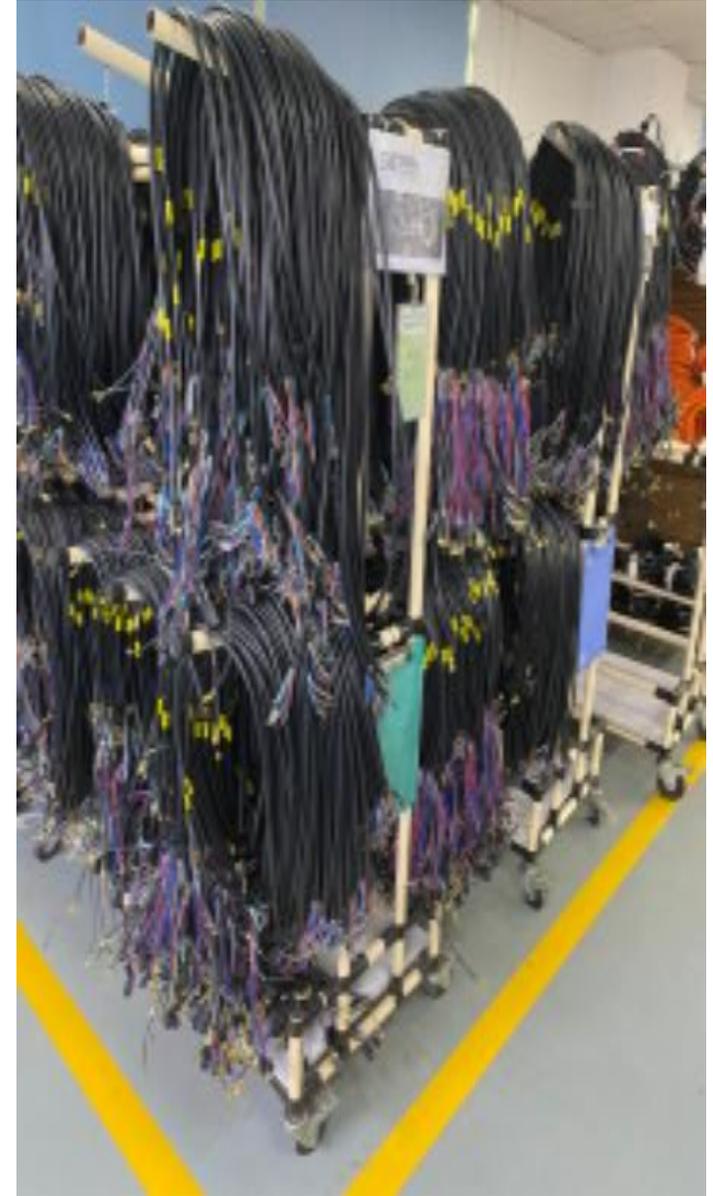

Stay humble, open-minded and embrace improvement

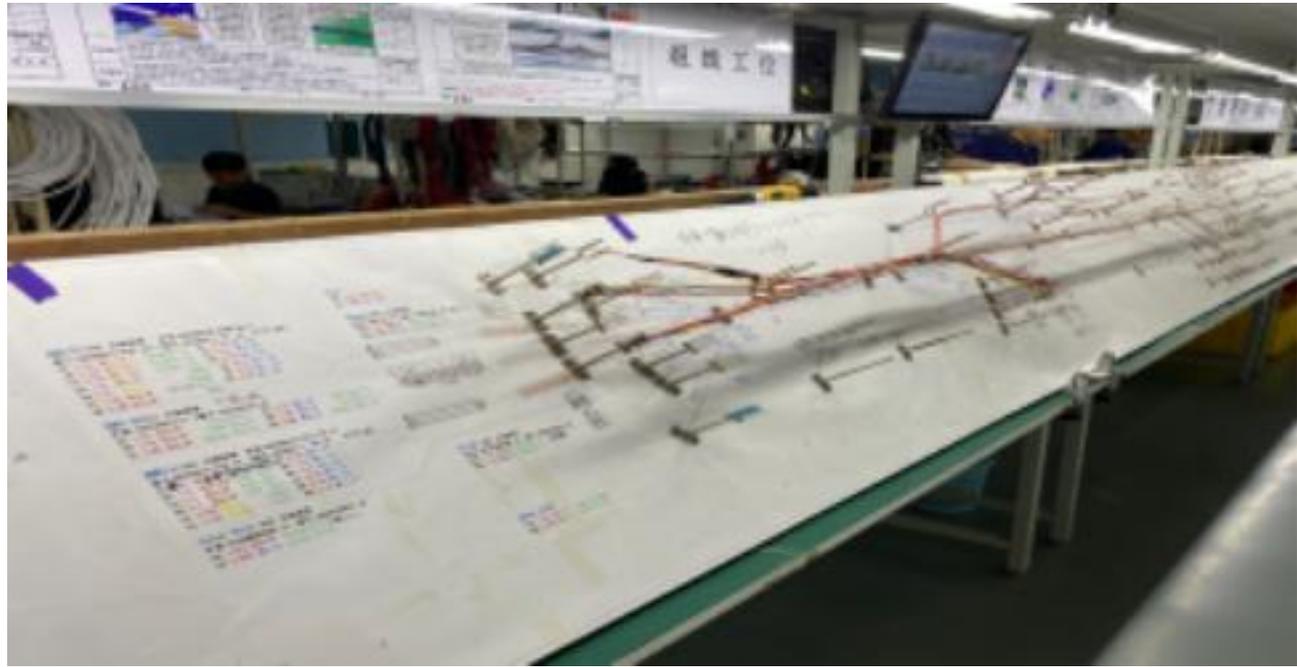

Bodio Electronic is one of the most professional connectivity solutions providers in China.

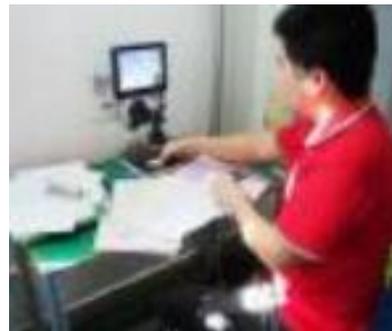

Our Advantages -- Quality Control

ITEM	Quality Control	QTY
1	Quality Engineer (QE)	4
2	Incoming Quality Controller (IQC)	4
3	In Process Quality Controller (IPQC)	8
4	Final Quality Controller (FQC)	20
5	Outgoing Quality Controller (OQC)	8

ITEM	EQUIPMENT	QTY
1	Continuity Tester	20
2	2.5 Dimensional Image Measuring Instrument	5
3	Wire Sequence & Color Discerning Instrument	6
4	CNC Aging Test Machine	5
5	CNC Tensile Testing Machine	6

Just a few examples of equipment

03 Our Advantages — Production Capacity

ITEM	PRODUCTION EQUIPMENT	QTY
1	Automatic Double End Crimping Machine	12
2	Automatic Double Tinning Machine	4
3	High Speed Crimping Machine	16
4	Pneumatic Stripping & Twisting Machine	4
5	NC Vertical Injection Molding Machine	30
6	Automatic Soldering Machine	20

ITEM	PRODUCT	CAPACITY
1	Vehicle Wire Harness	200000 sets / month
2	Electronic Wire Harness	1000 K PCS/ month
3	HDMI, PD Fast charging cable	1000 K PCS/ month
4	Data /Charge cable: USB/Type-C/Lightning Cable	2000 K PCS/ month
5	USB 3.0/3.1 data cable	1000 K PCS/ month

03 Our Advantages — Automatic Production Lines

03 Our Advantages — Automatic Equipment

Fully automatic single head terminal crimping machine

Fully automatic double heads terminal crimping machine

Automatic terminal punching machine

Semi-automatic wire terminal crimping machine

Automatic double heads wire terminal machine

Full automatic single head soldering machine

Fully automatic double heads soldering machine

Full automatic high speed single channel soldering machine

cable stripper

03 Our Advantages — Test Equipment

2D Tester

Plug and Unplug Tester

Swing Tester

Color Sequence Scanner

Tension Tester

Terminal Profile Analyzer

Resistance Tester

High Voltage Tester

8681 Multi-function Tester

Film thickness tester

Environmental testing instrument

Two-dimensional measuring instrument

Nikon Fully Automatic Image Measuring Instrument

Constant temperature and humidity testing machine

Insulation Impedance Tester

Vibration table

Voltage endurance tester

Constant temperature and humidity testing machine

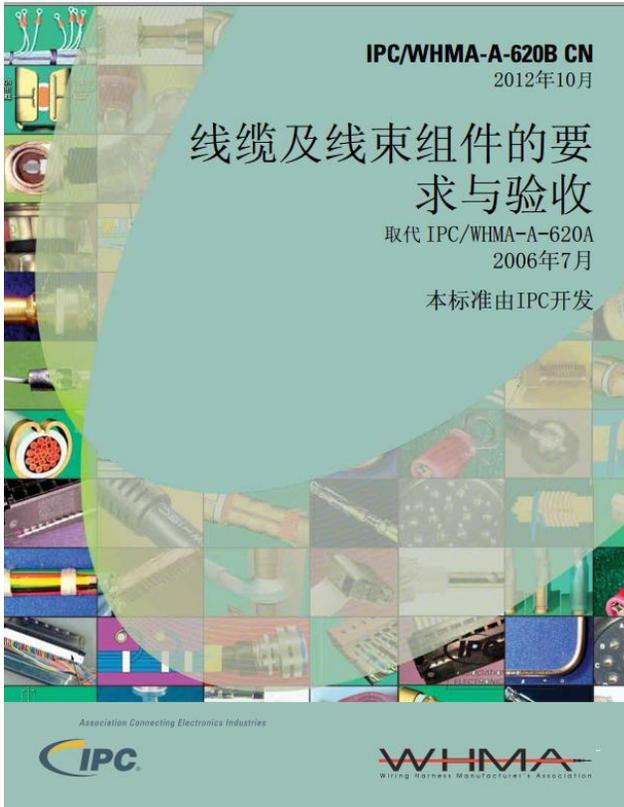

Salt spray testing equipment

Conductor Impedance Tester

Automatic Insertion and Removal Force Tester

IPC-Association Connecting Electronics Industries

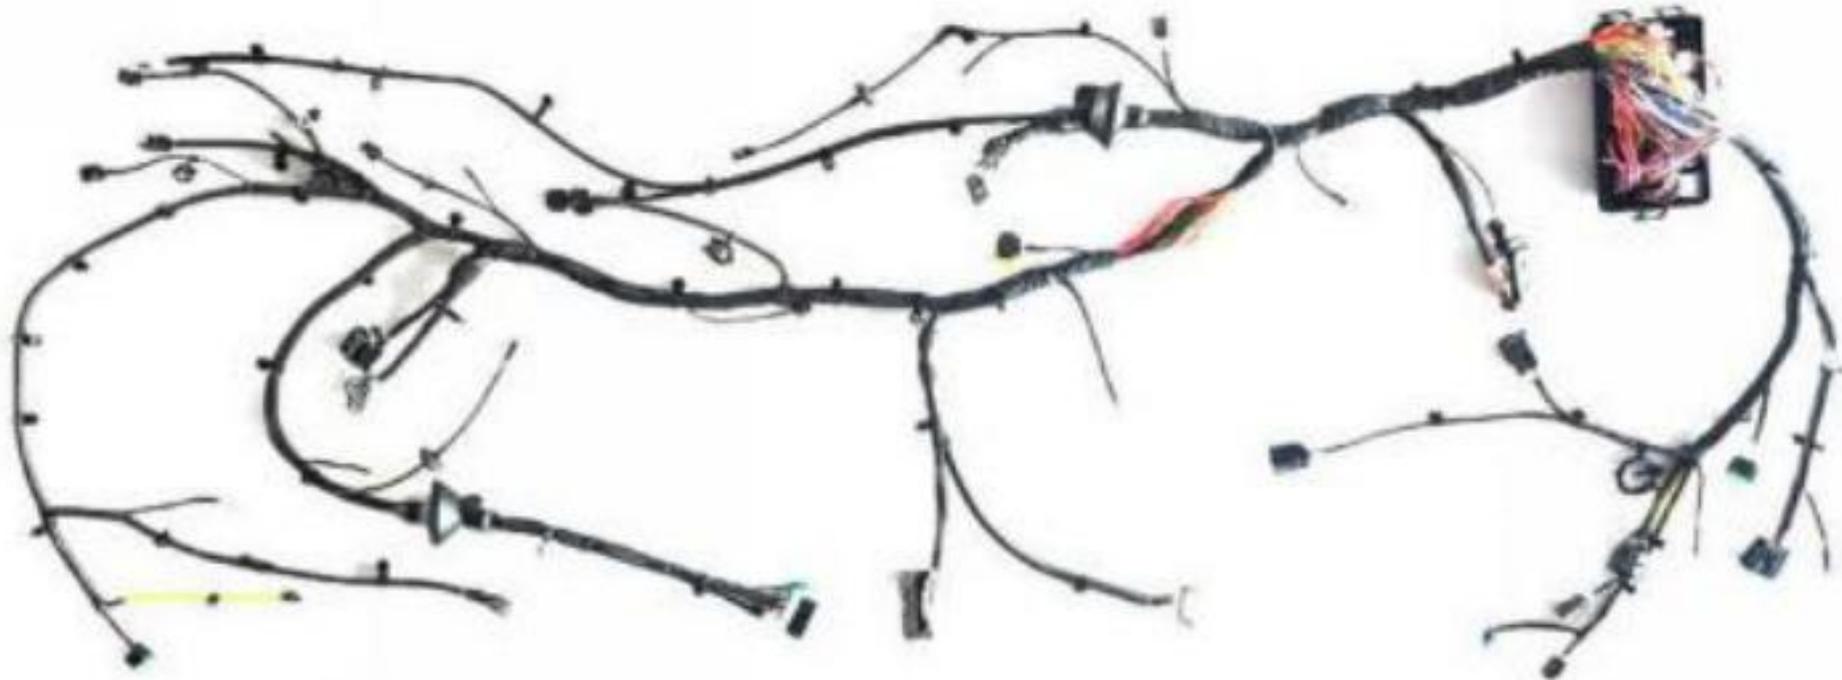

WHMA-Wire Harness Manufacturer's Association

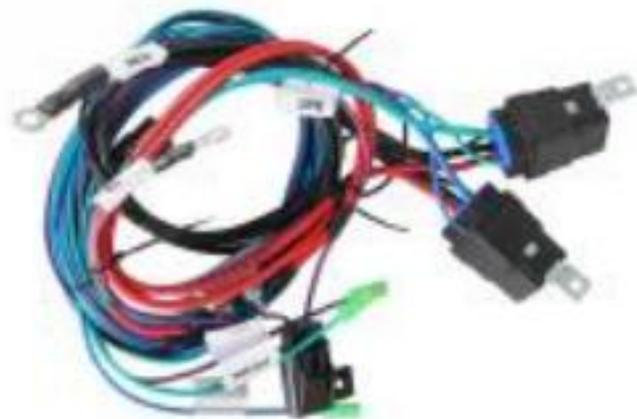

Bodio is the member of IPC and WHMA.

Bodio Crimping and Assemblies meet all the Standards of IPC/WHMA-620

04 Certifications

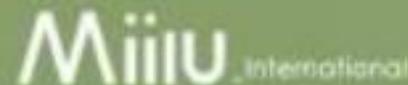

Vision

“Quick Turnaround, Beyond Customers’ Expectations” is our core management philosophy.

Backed by our professional engineering team and Flexible Manufacturing System (FMS), we are able to provide customers with fast, reliable and professional services in product design, prototyping, manufacturing and delivery.

Welcome to Contact Us, We Will Help You to Win Much More Businesses.
