

A Worldwide Leading Supplier of Magnetic Components

YIHONG

SHINHOM

SHAANXI YIHONG INVESTMENT MANAGEMENT CO.,LTD
SHAANXI SHINHOM ENTERPRISE CO.,LTD

A Worldwide Leading Supplier of Magnetic Components

Technical support

Custom-Made Design
Design guide
Test support

Design-in support

Inductor and transformer design guide
EMC test lab racks
Reference designs of IC manufacturers

Delivery

The standard Part Within 15-30 Days
Service degree:98.5%
The Standard Samples free of charge

Service

Custom-Made Welcome
OEM/ODM acceptable
Agent support

reference design with all major IC manufacturers

SHAANXI SHINHOM ENTERPRISE CO.,LTD

Corporate Headquarters:

No.8 Yanta Northern road Xi`An City Shaanxi China

TEL: +86-29-87851838 87851916

E-MAIL:sales@shinhom.com.cn sales@shinhom.com

INTERNET address: <http://www.shinhom.com>

Custom-made designed magnetic Components

Ferrite core, magnet, inductor, choke coils, IFT coils, EMI/EMC ferrite part,
LAN interface module, pulse trigger, ignition coils, gate drive transformer
Audio/power/coupling/isolation/matching and drive transformers
can be tailored to meet each unique system requirement.

More than you expect

Custom Made Through-hole inductors, Choke coils, Common mode chokes, Power inductors
Surface mount power inductors, Shielded and un-shielded inductors
Vert/horiz base mount toroid coils, EMI filter coils, PFC mode chokes
Line filter chokes, Data line filter modules, Modem transformers, Audio transformers
LAN transformers and filter modules, ADSL/VDSL transformers
Switching Mode Power transformer, Flyback transformers
Interface transformer, Pulse transformers, Gate driver transformers
High voltage transformers, Trigger transformers, Ignition transformer
RFID transponders, RFID antennas coils, RFID tags
Current transformers, Current sensors, Current transducers
RF transformers, Wide band transformers, Balun transformers

Our Current Transformer Products:

- Split-Core Current Transformer(0-10000A,50/60Hz)
- Low Voltage Current Transformer(0-10000A,50/60Hz)
- Mini-Precision Current Transformer(0-1000A,50/60Hz)
- Hall Current Sensor(0-5000A,DC-200KHz)
- Zero-Phase Current Transformer(0-10000A,50/60Hz)
- Potential Transformer(0-380V,50/60Hz)
- High Frequency Current Transformer(0-100A,20-500KHz)
- Current Transmormers for Electrical Control Unit(0-10000A,50/60Hz)
- Current Transducer(0-1000A,output 4-20mA)
- Clamp-on Current Transmormers(0-5000A)
- Rogowski coil(0-100KA)
- High Voltage Current Transformer(0-5000A,10-35KV)
