为第四次工业革命不断的智能化世界，提供连接技术的解决方案！

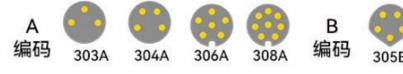

For the continuously intelligent world of the fourth industrial revolution, Providing connectivity technology solutions!

圆形连接器 circular connector

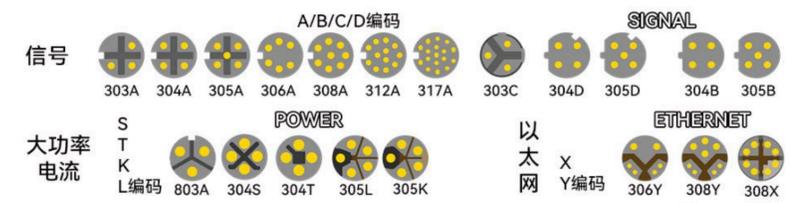

M5 螺纹连接器 Threaded connector

M8 螺纹连接器 Threaded connector

M12 螺纹连接器 Threaded connector

主营产品
MAIN PRODUCTS

圆形连接器 circular connector

- 螺纹连接器 Threaded connector
M5、M8、M9、M12、M16、M17、M22、M23 ...
- 推拉自锁连接器 Push-pull self-locking connector
B系列 (00、0B、1B、2B、3B)
K系列 (0K、1K、2K)
S系列 (0S、1S)
F系列 (0F、1F)
P系列 (1P、2P)
- 传感器连接器 sensor connector
HR10A、HR25、GLM、GL90 ...
- 音频连接器 audio connector
卡扣连接器 Snap connector
新能源连接器 New energy connector

Sinoconn has a complete production supply chain from spare parts manufacturing, mold making, connector assembly, to wiring harness processing, and provides one-stop solutions covering program review, R&D design, manufacturing, and after-sales service. It primarily produces aviation plugs with high reliability requirements for industrial applications, which are widely used in servo motors, encoders, sensors, rail transit, medical devices, visual inspection, security monitoring, marine vessels, new energy, autonomous driving, and military and police fire communication systems.
